Subject: Letter From the Mayor

Dear Ms. Plumley,

I am writing to you because a short time ago I sent an email to Mayor Cameron asking a question regarding infrastructure and taxes in Merrickville-Wolford. On March 20th of this year, I received a very comprehensive answer, which I think would be of interest to other residents. From what I have seen of council meetings, it appears to me that most, if not all, of this has been discussed in council, but it would be useful, I suggest, to have it all in one place. I would therefore like his response to me to be received for information in the April Committee of the Whole and attach it as a pdf below. Please be aware that in converting it to a pdf, there may be a few formatting issues.

If you have any questions, please let me know.

Thanking you in anticipation,

Ian Fraser
