Lot Area

Illustration of Lot Definitions

Lot Coverage

SECTION 2: DEFINITIONS

LOT COVERAGE: Means the percentage of the lot area covered by all buildings or structures exclusive of canopies, balconies and overhanging eaves and private swimming pools protruding not more than 1.5 m (4.9 ft) above finished grade.

LOT DEPTH: Means the horizontal distance between the front lot line and the rear lot line. For the purpose of determining the required minimum lot depth for lots which are not square or rectangular the following shall apply:

Lot Depth

1. If the front and rear lot lines are not parallel, the lot depth shall be measured by joining the mid-point of the front lot line with the mid-point of the rear lot line, or with the apex of the triangle formed by the side lot lines.
2. In the case of a corner lot with a curved front lot line, the lot depth shall be measured by first extending the front and exterior side lot lines as tangents, from the point where each lot line begins to curve, in a straight line to their point of intersection. The lot depth shall then be measured by joining the mid-point of the tangent to the front lot line and the mid-point of the rear lot line, or with the apex of the triangle formed by the side lot lines.

LOT FRONTAGE: Means the width of the lot between the side lot lines at the front lot line. For the purpose of determining the required minimum lot frontage in the case of a lot without parallel side lot lines and/or without a straight front lot line, the following shall apply:

Lot Frontage

1. the minimum required lot frontage shall be measured as the length of the front lot line; or
2. the minimum required lot frontage shall be measured as the horizontal distance between the side lot lines, measured between the points on the side lot lines equal to the front yard requirement for the use in the zone in which the lot is located.

LOT LINE, FRONT: Means the line dividing the lot from the street. For the purpose of determining the front lot line the following shall apply:

Front Lot Line

1. In the case of a corner lot, the shorter lot line abutting a street shall be deemed to be the front lot line and the longer lot line abutting a street shall be deemed an exterior lot line. If such lot lines are of equal length, the front lot line shall be deemed to be the lot line as established by building orientation and/or main access.
2. In the case of a through lot the shorter of the lines dividing the lot from the streets shall be deemed the front lot line. If such lines are of equal length, the front lot line shall be deemed to be the line as established by building orientation and/or main access.
3. In the case of a waterfront lot, the shoreline shall be deemed to be the front lot line.

SECTION 2: DEFINITIONS

4. In the case of an irregular lot, the shortest lot line abutting a street shall be deemed to be the front lot line, or the front lot line shall be deemed to be the lot line as established by building orientation and/or main access, whichever is the more appropriate.

LOT LINE, REAR: Means the lot line furthest from and opposite to the front lot line. In the case of a lot having 4 or more lot lines, the one lot line farthest from and opposite to the front lot line shall be deemed to be the rear lot line. In the case of a lot having 3 lot lines, there shall be deemed to be no rear lot line.

Rear Lot Line

LOT LINE, SIDE: Means the lot line or lines other than a front lot line or rear lot line.

Side Lot Line

SECTION 3: GENERAL PROVISIONS

3 GENERAL PROVISIONS

3.1 Accessory Use

3.1.1 General

Where this By-law provides that a lot may be used or a building or structure may be erected or used for a purpose, that purpose shall include any accessory building, structure or use but shall not include:

1. any occupation for gain or profit except as specifically permitted in this By-law; or
2. any building used for human habitation except as specifically permitted in this By-law.

3.1.2 Location

Accessory buildings and structures shall be permitted in any zone. Except as otherwise prohibited in Section 3.6, accessory buildings and structures shall not:

1. be built closer to the front lot line or exterior side lot line than the minimum distance required by this By-law for the main building on the lot, except as otherwise required in subsection 3.2.2.2 below;
2. be built closer to a street line than the main building or closer than 15 m (49.2 ft) to the street line, whichever is the lesser, where the main building is set back more than the minimum distance required by this By-law;
3. in the case of accessory private garages in a residential zone, be built closer than 1.5 m (4.9 ft) to any interior side or rear lot line, except that common semi-detached garages may be centered on the mutual side lot line;
4. in the case of all other accessory buildings or structures in a residential zone, be built closer than 1.5 m to any interior side or rear lot line where the surface area of the main wall facing the respective lot line is 10 m² (107.6 ft²) or less, or closer than 3 m (9.8 ft) to any interior side or rear lot line where the surface area of the main wall facing the respective lot line is greater than 10 m² (107.6 ft²);
5. in the case of accessory buildings or structures in all other zones, be built closer than 3 m (9.8 ft) to any interior side or rear lot line;
6. notwithstanding the foregoing, an accessory building or structure may be located not less than 0.5 m (1.6 ft) from a public lane; and,
7. notwithstanding the foregoing, marine facilities may be built to the lot line where such line corresponds to the water's edge.

3.1.3 Height

1. Accessory buildings or structures shall not exceed 5 m (16.4 ft) in height.

SECTION 3: GENERAL PROVISIONS

2. Notwithstanding item (1) or Section 3.2, in the case of a detached private garage containing an Additional Residential Unit (ARU), the maximum height of the garage shall be 6.1 metres (20 feet) and shall not exceed 1.5 storeys.

3.1.4 Lot Coverage

1. In the case of a building or structure accessory to a residential dwelling, the lot coverage for the accessory structure, within a Residential zone, shall not exceed 10% of the lot area or 140m² (1,507 ft²), whichever is the lesser, and shall be included in the calculation of the maximum lot coverage permitted in the residential zone is located.
2. In the case of all other zones, including the Rural (RU) zone, the lot coverage of all accessory buildings or structures shall not exceed 10% of the lot area.

3.1.5 Separation

No accessory building or structure shall be located closer than 2 m (6.6 ft) to the main building. Notwithstanding this, a building or structure, within the Village of Merrickville, serviced by municipal water and sewage, which contains an Additional Residential Unit (ARU) shall be at least 4 m from another building or structure, on the same parcel, if the other building or structure contains a residential unit.

3.1.6 Private Swimming Pools

Swimming pools are regulated under a separate By-law of the Municipality.

3.2 Additional Residential Units (ARUs)

Notwithstanding any provisions to the contrary, on land where a single detached dwelling, semi-detached dwelling, duplex dwelling, or townhouse dwelling is a principal permitted use, and where the land is within the R2, R3, H, or RU zoning designation, “additional residential units” (ARUs) shall be permitted as an accessory use subject to the following provisions:

1. The subject property shall comply with the minimum lot area and minimum lot frontage standards for the zone in which it is located.
2. The subject property shall have frontage on an open public road that is maintained year-round.
3. Additional Residential Units shall not be permitted on lands subject to flooding or natural hazards.
4. Additional Residential Units shall not be permitted on lands zoned EP.
5. Notwithstanding any provisions to the contrary, the maximum lot coverage for a property within the Village of Merrickville, serviced by municipal water and sewage, containing an ARU shall not exceed a maximum lot coverage of 45 % for all buildings and structures.
6. A building or structure, within the Village of Merrickville, serviced by municipal water and sewage, which contains an Additional Residential Unit (ARU) shall be at least 4 m

SECTION 3: GENERAL PROVISIONS

from another building or structure, on the same parcel, if the other building or structure contains a residential unit.

7. A maximum of two (2) Additional Residential Units in addition to the primary dwelling shall be permitted on a property. A maximum of two (2) Additional Residential Units may be contained within a dwelling and a maximum of one (1) Additional Residential Unit may be contained within an accessory structure.
8. An Additional Residential Unit shall require compliance with the provisions of the Building Code Act and Fire Code.
9. The proposed Additional Residential Unit shall be accessed using the driveway providing access to the principal residential use.
10. Each Additional Residential Unit shall require a minimum of 1 parking space.
11. Additional Residential Units located within an accessory structure shall be limited to the maximum building height specified in Section 3.1.3 (i.e. 6.1 m).
12. An existing accessory building may be partially or fully converted to an Additional Residential Unit, except that no window in a habitable room shall face an interior side lot line or a rear lot line unless the existing accessory building conforms to the minimum side lot line setback and rear lot line setback as is required for the principal dwelling.
13. Additional Residential Units in an accessory structure which requires a separate septic system and are located on a lot less than 0.4 hectares in size shall require a hydrogeological assessment that demonstrates that the proposed development can be supported by private services, in accordance with MECP guidelines.
14. Additional Residential Units located on a property within the Village of Merrickville, serviced by municipal water and/or sewage, shall be required to connect into the municipal services.
15. Additional Residential Units contained within an existing dwelling on private services shall be connected to the existing well and septic systems, subject to confirmation that the existing well and septic systems can support the proposed development.
16. Additional Residential Units contained within an accessory structure on a property privately serviced may connect to the well and septic system in use by the existing dwelling, should the systems be capable of supporting the additional development, or to an independent well and septic system, subject to confirmation that the existing well and septic systems can support the proposed development.

3.3 Automobile Service Stations, Gas Bars, Etc.

Where automobile service stations, gas bars and retail propane/compressed natural gas transfer facilities are permitted in this By-law, the following provisions shall apply:

1. The minimum lot frontage shall be 45 m (148 ft);
2. The minimum yard requirements for the main building shall be as follows:

SECTION 3: GENERAL PROVISIONS

- | | | |
|------|--------------------------|-----------------|
| i. | front yard depth | 15 m (49.2 ft) |
| ii. | exterior side yard width | 15 m (49.2 ft) |
| iii. | interior side yard width | 7.5 m (24.6 ft) |
| iv. | rear yard depth | 7.5 m (24.6 ft) |
-
3. The minimum distance between any portion of a fuel pump island and any front or exterior side lot line shall be 7.5 m (24.6 ft).
 4. The distance between any portion of a fuel pump island and any rear or interior side lot line shall be 4.5 m (14.8 ft).
 5. Where the lot is a corner lot, no portion of any pump island shall be located closer than 3 m (9.8 ft) to a straight line between a point in the front lot line and a point in the exterior side lot line, each such point being 15 m (49.2 ft) distant from the intersection of such lines.
 6. The minimum distance between a driveway and the intersection of street lines, measured along the street line shall be 4.5 m (14.8 ft).
 7. The minimum interior angle of intersection between a driveway and a street line shall be 45 degrees and the maximum interior angle between a driveway and a street line shall be 90 degrees

3.4 Backyard Hens

The keeping of Backyard Hens is permitted within any zone that permits a dwelling as a principal permitted use, in accordance with the following provisions:

1. Backyard Hen Coops and Backyard Hen Runs shall not be located in the front yard or exterior side yard of any lot and shall be located a minimum of 15 m from all interior side and rear lot lines.
2. A maximum of six (6) Backyard Hens will be permitted.
3. Roosters shall not be permitted.
4. Feed is to be stored in metal containers and withheld from Backyard Hens during the hours of 8:00pm and 6:00am.

3.5 Bed and Breakfast

Where listed as a permitted use, a bed and breakfast establishment may be conducted within a detached dwelling provided that:

1. The number of guest rooms shall not exceed 4.
2. A minimum of 1 parking space for each guest room shall be required.

SECTION 3: GENERAL PROVISIONS

3.6 Buildings to be Moved

No building or structure shall be moved within the limits of the Village or shall be moved from outside the Village into the Village unless the building or structure is a permitted use and conforms to all the requirements of the zone in which it is to be located, and then only after a permit has been obtained from the Chief Building Official.

3.7 Non-Conforming/Complying Uses and Exceptions

3.7.1 Conformity and Compliance

1. Save as otherwise provided in this By-law, no land, building or structure shall be used for any purpose, and no building or structure shall be erected or altered for any purpose except as hereafter stated in this By-law and in compliance with all of the applicable provisions of this By-law.
2. No person shall change the purpose for which any lot, building or structure is used, or erect any new building or structure or an addition to any existing building or structure or sever any lands from any existing lot if the effect of such action is to cause adverse impact to the original, adjoining, remaining or new use, building or structure or lot to be in contravention of this By-law.
3. Nothing in this By-law shall apply to exempt any person from complying with the requirements of any other By-law in force within the Municipality, or from obtaining any license, permission, consent, permit, authority or approval required by this or any other By-law of the Municipality or by any other Federal, Provincial or Municipal Law in force at the time of the passing of this By-law.
4. This By-law shall not be effective to reduce or mitigate any restrictions lawfully imposed by a governmental authority having jurisdiction to make such restrictions.
5. Notwithstanding anything in this By-law, no person shall reduce any lot in area or frontage, either by conveyance or other alienation of title of any portion thereof so as to contravene any of the provisions of this By-law. However, no person shall be deemed to have contravened any provision of this By-law by reason of the fact that any part or parts of any lot has or have been conveyed to or acquired by any Public Authority.

3.7.2 Non-Conforming and Non-Complying Uses

1. Continuation of Non-Conforming Uses

The provision of this By-law shall not apply to prevent the use of any lot, building or structure for any purpose prohibited by this By-law if such lot, building or structure was lawfully used for such purpose prior to the adoption of this By-law, so long as it continues to be used for that purpose.

2. Change of Non-Conforming Uses

A use of a lot, building or structure which, under the provisions hereof, is not permitted within the zone in which such lot, building or structure is located, shall not be changed

SECTION 3: GENERAL PROVISIONS

except to a use which is permitted within such zone or to a use which is authorized by the Committee of Adjustment pursuant to its powers under the Planning Act, RSO 1990, as amended.

3. Termination of Non-Conforming Uses

A non-conforming use shall be considered to be terminated once the use ceases and the property is used for a permitted use, or where a lot, building or structure housing a non-conforming use remains vacant for a period of one year.

4. Repair and Replacement of Non-Conforming and Non-Complying Uses

Nothing in this By-law shall prevent the repair, or the replacement, in whole or in part, or the strengthening to a safe condition, of any building or structure, or part of such building or structure, which is non-conforming or non-complying with respect to the provisions of this By-law, provided such alteration or repair does not increase the height, size or volume or change the use of such building or structure.

5. Permitted Extensions to Non-Complying Uses

Except as provided for in Section 3.6.5, nothing in this By-law shall prevent an extension or an addition being made to a use, building or structure which existed at the date of passing of this By-law and which is a permitted use in the zone in which it is located-, but which does not comply with one or more of the zone provisions of this By-law, provided such extension or addition does not contravene any of the provisions of this By-law.

3.7.3 Building Permit Issued

The provisions of this By-law shall not apply to prevent the erection or use of any building or structure for a purpose prohibited by this By-law, the plans for which have been approved by the Chief Building Official prior to the date of the passing of this By-law, so long as the building or structure when erected is used and continues to be used for the purpose for which it was erected and provided the erection of such building or structure is commenced within two years after the date of the passing of this By-law, and such building or structure is completed within a reasonable time after the erection thereof is commenced.

3.7.4 Lots in More than One Zone

1. Except as provided for in Section 3.6.5.2, where a lot is divided into more than one zone, each such portion of the lot shall be used in accordance with the provisions of this By-law for the zone where such portion of the lot is located. Each such portion of the lot shall be considered as a separate lot for the purpose of determining zone provisions.
2. Notwithstanding the foregoing, where a shoreline area of a lot is placed in the Environmental Protection (EP) Zone or in the Flood Plain overlay Zone, such area may be considered as part of the lot for the purpose of determining the minimum required lot area and setback from a waterbody, provided that written approval of the sewage disposal system is obtained from the Approval Authority.

3.7.5 Lots Having Less Area and/or Frontage

SECTION 3: GENERAL PROVISIONS

1. Except as may otherwise be provided for in Section 3.6.5.2, where a lot having a lesser lot area and/or lot frontage than that required herein is held under distinct and separate ownership from abutting lots as shown by a registered conveyance in the records of the Registry or Land Titles Office at the date of the passing of this By-law, or where such a lot is created as a result of any expropriation by or conveyance to a Public Authority, or of any dedication required for site plan approval, such smaller lot may be used and a building or structure may be erected, altered or used on such smaller lot, provided that all other requirements of this By-law are met, and provided further that written approval of the sewage disposal facilities is obtained from the Approval Authority.
2. In the Limited Services Residential (LSR) Zone, where a lot having a lesser lot area and/or lot frontage than that required herein is enlarged by a lot addition, whether or not such lot addition results in the lot having the minimum required lot area and/or frontage, the following provisions shall apply.
 - i) The lot addition need not be located in the same zone as such smaller lot.
 - ii) Where the lot addition is located in another zone, it shall be deemed to be located entirely in the Limited Services Residential (LSR) Zone and the zone regulations of this By-law shall apply as though the entire lot is located in the Limited services Residential (LSR) Zone. Where such smaller lot and the lot addition are separated by a road allowance, both lots shall be deemed to be one lot for the purposes of this By-law.
3. Where an existing building or structure is to be altered, enlarged or renovated for use as a seasonal dwelling or a single detached dwelling, the provisions of Section 2.2 shall apply except that any yards which would be made not to conform to the minimum yard requirements of this By-law by virtue of the lot addition shall be deemed to conform to the regulations of this By-law.

3.7.6 Construction Uses

1. A building or structure, incidental to construction on the lot where such building or structure is situated such as a construction camp or other such temporary work camp, tool shed, scaffold or other similar building or structure shall be permitted in all zones for as long as it is necessary for the construction in progress to be completed or abandoned, but only while a valid building permit for such construction remains in force.
2. Abandoned in this subsection shall mean the failure to proceed expeditiously with the construction work or the failure to undertake any construction work during a continuous 12-month period.

3.7.7 Yard, Setback and Height Encroachments Permitted

The following yard, setback and height encroachments shall be permitted provided such encroachments do not encroach on any required parking or sight triangles.

1. Ornamental Structures

SECTION 3: GENERAL PROVISIONS

Notwithstanding the yard provisions of this By-law to the contrary, sills, belt courses, chimneys, eaves, gutters, parapets, pilasters or other ornamental structures may project into any required yard a maximum distance of 0.5 m (1.6 ft).

2. Window Bays

Notwithstanding the yard provisions of this By-law to the contrary, a window bay, excluding eaves and cornices, may project into any required yard a maximum distance of 1 m (3.3 ft), provided the bay window does not exceed a maximum width of 3 m (9.8 ft).

3. Accessory Structures

Notwithstanding the yard provisions of this By-law to the contrary, drop awnings, flag poles, garden trellises, fences, retaining walls, fences, signs or similar accessory structures shall be permitted in any required yard.

4. Unenclosed Porches, Balconies, and Steps

Notwithstanding the yard provisions of this By-law to the contrary, unenclosed porches, balconies, and steps, whether covered or uncovered, may project into any required yard a maximum distance of 2.5 m (8.2 ft) but not closer than 2.5 m (8.2 ft) to an interior lot line, provided they do not exceed a maximum width of 3 m (9.8 ft), and provided that they do not encroach on the required setback from a waterbody. In the case of encroaching porches and steps, such structures shall not be more than 1 m (3.3 ft) above grade.

5. Terraces, Decks and Patios

Except as otherwise permitted under Section 3.27.2, uncovered terraces, decks or patios may extend into any yard but not closer than 2.5 m (8.2 ft) to an interior side lot line, provided that they do not encroach on the required setback from a waterbody. In the case of encroaching terraces and patios such structures shall not be more than 1 m (3.3 ft) above grade.

6. Fire Escapes

Notwithstanding the yard provisions of this By-law to the contrary, unenclosed fire escapes, in which the stair steps and floors are latticed in such a manner that the proportions of voids to solids is not less than two to one and in which guards consist only of hand rails and the structural members necessary to their support, may project into any required side or rear yard a maximum distance of 1 m (3.3 ft) but not closer than 2.5 m (8.2 ft) to an interior side lot line.

7. Building Setback in Built-Up Area

Notwithstanding anything else in this By-law, in any Residential Zone except the Limited Services Residential (LSR) Zone, structures built between existing buildings or adjacent to existing buildings which are located on the same block and which are separated by no more than 120 m (394 ft) may be built with a setback equal to the average setback of the adjacent buildings, but this depth need be no greater than the front yard and setback regulations prescribed in the zone in which it is situated. Notwithstanding the foregoing,

SECTION 3: GENERAL PROVISIONS

the front yard shall not be less than 3 m (9.8 ft) for interior lots and 3.5 m (11.5 ft) for corner lots, provided that the driveway which provides access to the required parking space(s) is at least 6 m (19.7 ft) in length, and provided further that there is no encroachment on the required setback from a waterbody.

8. Height Exceptions

Notwithstanding the height provisions of this By-law to the contrary, nothing in this By-law shall apply to prevent the erection and/or use of an elevator housing, a roof stairway, a water tank, a skylight, a steeple or church spire, a silo, a belfry, a flag pole, a clock tower, a chimney or smokestack, a radio or television tower or antenna, a satellite dish, a ventilation fan housing, a firewall or a parapet wall, or a roof sign.

9. Satellite Dishes

No satellite dish shall be located in any required yard.

3.7.8 Yard Exceptions for Waterbodies, Watercourses, Embankments and Cliffs

Where a front, side or rear yard is required in this By-law, and part of the area of the lot is usually covered by water or marsh, or is beyond the rim of a waterbody or watercourse, or between the stable top of slope, or limit of hazard, then the required yard shall be measured as the horizontal distance between the nearest main wall of the main building or structure on the lot and the edge of said area covered by water or marsh, or to the rim of said waterbody or watercourse, or to the stable top of slope, or limit of hazard if such area is closer than the lot line.

3.7.9 Lane as Yards

Where the rear lot line of a lot adjoins any portion of a lane, one-half of the width of that portion of such lane may be considered part of the lot for the purpose of computing the area of the lot and for the purpose of computing the depth of any rear yard required under this By-law, provided that the depth of any required rear yard shall not be less than 6 m (19.7 ft), exclusive of the lane.

3.8 Dangerous Substances

Pursuant to the Health Protection and Promotion Act or regulations thereunder, no use shall be permitted which, from its nature or the materials used therein, is declared to be a noxious trade, business or manufacture.

3.9 Day Nurseries

Licensed day nurseries shall be permitted in all Residential Zones except the Limited Services Residential (LSR) Zone, in all Commercial Zones, the Hamlet Zone, in the Light and Rural Industrial Zones, and in the Rural Zone, in accordance with the following provisions:

	Full Municipal Services	Partial or Private Services
1. lot area (minimum)	540m ² (5813 ft ²)	2000 m ² (0.5 ac)
2. lot frontage (minimum)	18m (59 ft)	40m (131.2 ft)
3. front yard depth (minimum)	12.5 m (41 ft) in the Rural (RU) Zone and 6 m (19.7	

SECTION 3: GENERAL PROVISIONS

	Full Municipal Services	Partial or Private Services
	ft) in all other Zones.	
4. exterior side yard width (minimum)	6 m (19.7 ft)	
5. interior side yard width (minimum)	3 m (9.8 ft)	
6. rear yard depth (minimum)	6 m (19.7 ft)	
7. landscaped open space (minimum)	40%	80%
8. building height (maximum)	11 m (36.1 ft) as calculated in accordance with the definition and illustrations in Section 2H	
9. accessory uses, parking, waterbody setback, etc.	in accordance with Section 3	

3.10 Dwelling Units Below Grade

No dwelling unit, in its entirety, shall be located in a cellar. However, a portion of a dwelling unit may be located in a cellar.

A dwelling unit, in its entirety, may be located in a basement, provided that the finished floor level of such basement is located above the level of the sanitary and storm sewer servicing systems of the building in which such basement is located or provided that the dwelling unit is serviced by appropriate sewer pumping facilities.

3.11 Established Building Line in Built Up Area

- Where the front yard setback of at least one of the residential lots on either side of another residential lot is less than the required front yard setback for the zone but was lawfully established, the front yard setback for the middle residential lot may be reduced to the greater of, (a) 1.5 metres, or (b) the average of the two front yard setbacks of the other two lots.
- Where one of the lots on either side of the middle lot mentioned in subsection (1) is vacant, and the other lot is less than the required front yard setback for the zone but was legally established, the front yard setback for the middle lot may be reduced to the greater of, (a) 1.5 metres, or (b) the average of the required front yard setback for the zone and the front yard setback of the lot that is not vacant.
- Subsections (1) and (2) apply to both an addition to a residential building or to a new residential building on the middle lot.

3.12 Fences

- No fence shall be constructed at a height greater than 1.22 meters in the front or exterior side yard and no greater than 1.88 m in all other yards on a lot in a residential zone.
- No person shall erect a fence or privacy screen unless it is; constructed of materials specifically designed or commonly used for fencing purposes and is in good repair, including being vertical, stable and structurally sound.

3.13 Frontage on an Opened Street

SECTION 3: GENERAL PROVISIONS

No building or structure shall be erected in any zone except the Limited Services Residential (LSR) Zone or Tourist Commercial (C4) Zone unless the lot on which such building or structure is located has frontage on an opened public street as herein defined. In the case of the Tourist Commercial (C4) Zone, this provision shall only apply if the lot on which the building or structure is located is a waterfront lot.

This provision shall not apply to:

1. a lot on a registered plan of subdivision where an agreement between the owner and the Corporation, which includes provisions for the construction of the streets in the subdivision, is registered in the Registry Office or the Land Titles Office; or,
2. to conservation, forestry, general agricultural, and hunting/fishing camps, provided that there is no permanent dwelling on the lot.

3.14 Frontage on More Than One Street

Where a lot fronts on more than one street and is not a corner lot, the requirements for front yards contained in this By-law shall apply to each yard abutting the street in accordance with the provisions of the zone or zones in which such lot is located.

3.15 Group Homes

1. Type “A” Group Homes shall be a permitted use in all zones in which a single detached dwelling is permitted as a principal use, except in the Limited Services Residential (LSR) Zone, in accordance with the following provisions.
2. Type “A” Group Homes may be permitted in single detached dwellings and in both units of semi-detached and duplex dwellings, provided that both units are occupied by one group home operation and that the total number of residents (excluding staff or receiving family) in both units does not exceed ten.
3. A Group Home shall not be permitted in accessory single detached dwelling houses or in accessory dwelling units.
4. Type “B” Group Homes shall be permitted subject to a site-specific Zoning By-law amendment.

3.16 Agricultural Use Restrictions (Hobby Farms)

On lots within the Agricultural (A) or Rural (RU) zone that are under 2 hectares (5 acres) in size, the maximum number of livestock units permitted shall be limited to 1 livestock unit per 0.8 hectares (2 acres) of land.

1. The barn shall comply with the provisions of Section 3.1 for accessory buildings and structures.
2. A hobby farm shall comply with the Minimum Distance Separation (MDS) formula as issued by the Ontario Ministry of Agriculture, Food and Rural Affairs.

SECTION 3: GENERAL PROVISIONS

3.17 Holding Zones

1. Any parcel or area of land in any zone of this By-law may be further classified as a holding zone with the addition of the suffix "h". The intent is to signify Council's approval in principle to future development of the land for the purposes indicated by the zone symbol. The holding classification added to a given zone symbol shall restrict development of the land until such time as the terms and conditions of the removal of the holding symbol have been satisfied.
2. Where a holding zone applies, no lands shall be used and no buildings or structures shall be erected or used for any purpose other than uses existing on the date of passing of this By-law.

3.18 Home Occupations

3.18.1 A home occupation, as herein defined, shall be permitted as an accessory use in any dwelling, except a dwelling in the Limited Services Residential (LSR) zone, in accordance with the following provisions.

1. Residential Character

The home occupation use(s) shall not cause any individual or cumulative adverse effects that change the residential character of the main residential use. The use(s) shall not:

- i. be visible or apparent from adjacent properties, other than due to permitted signage if any;
- ii. cause a nuisance or annoyance or loss of enjoyment to neighbours; or,
- iii. cause a significant increase in traffic on streets serving the dwelling.

2. Compatibility

The home occupation use(s) shall not generate noise, vibration, fumes, dust, effluent, odour, glare, magnetic fields or radiation, which is evident outside of the dwelling unit or which exceeds limits established by existing By-laws and Provincial or Federal legislation or policy.

3. Size

The amount of floor area deemed separate and exclusively dedicated for the home occupation use(s) shall not exceed 33% of the total gross leasable floor area of the dwelling unit, or 46 m² (495 ft²), whichever is the lesser.

4. Location

- i) The floor area permitted for home occupation use(s) may be located in any portion of the dwelling unit.
- ii) Not more than 46 m² (495 ft²) of the floor area may be located in a private garage or in an accessory building, provided these structures comply with all other provisions of this By-law.

SECTION 3: GENERAL PROVISIONS

5. Employees

The home occupation use(s) may have, in addition to the residents of the dwelling unit, no more than 2 employee(s) at a time working on the premises, provided that if the employees require parking, it shall be provided on the lot.

6. Exterior Effects

The home occupation use(s) shall be entirely enclosed within the dwelling unit or accessory building(s). Goods or materials associated with the home occupation use(s) may be stored or displayed only within the floor area of the dwelling unit and/or accessory building permitted for home occupation uses and shall not be visible from adjacent properties.

7. Radio, Television and Satellite

The home occupation use(s) shall not interfere with telephone, television, radio, or satellite reception.

8. Health/Life/Fire Safety Hazard

The home occupation use(s) shall not be deemed to present a health, life and/or fire safety hazard, as regulated by the Ontario Building Code, the National Fire Code, Energy of Ontario, or the Ontario Ministry of Health, or other provincial or federal legislation.

9. Water and Sewer Services

Any proposed home occupation use(s) which places demands on water and sewage disposal services that could possibly exceed normal domestic requirements, whether such services are public or private, will require approval from the government agency which provides or regulates the service. Home occupation use(s) which are located in an accessory building may be serviced by municipal or private water and sewer services provided that there is no sanitary facility (toilet) located in the accessory building.

10. Retail Sales and Rental

The home occupation use(s) shall only permit rental or retail sales at the dwelling unit of merchandise that is:

- i) produced, assembled, repaired, or otherwise has value added to, within the dwelling unit or its accessory building(s); or
- ii) associated with a service being provided as part of the home occupation use(s).

11. Distribution Sales

The home occupation use(s) shall permit the business of transacting a sale where the customer contacts the business to place an order to purchase merchandise, and the merchandise is either picked up by the customer or delivered from the business or from another location to the customer.

SECTION 3: GENERAL PROVISIONS

12. Instruction or Education

The home occupation use(s) may involve instructional or educational activity, in accordance with the following provisions.

- i. The activity shall be limited to a maximum of 3 students at a time per dwelling unit, or if the activity requires that there be 4 or more students this may be permitted provided that all requirements of fire, health and life safety have been met through a building permit application, if required.
- ii. The teaching of music, dance, or other physical activity that is likely to create noise or vibration shall be permitted only within fully detached dwellings or in multiple attached dwellings where it can be ensured that noise or vibration will not be detectable to the occupants of adjacent dwelling units.

13. Delivery Vehicles

The home occupation use(s) may have any commodities sold or services rendered that require receipt or delivery of merchandise, goods, or equipment only by modes typically involved in residential deliveries. No deliveries or pick-ups are permitted between the hours of 7:00 PM and 7:00 AM.

14. Specifically Prohibited Uses

The following uses do not fall within the definition of home occupation uses:

- i. a use which does not comply with any one of the preceding provisions;
- ii. a use which has not received a license under any other municipal by-law, as required;
- iii. licensed day nursery;
- iv. dry cleaning distribution station;
- v. home for the aged or nursing home;
- vi. laundromat;
- vii. restaurant of any type;
- viii. retail store;
- ix. sales or service of motorized vehicles, machinery or equipment;
- x. Commercial yard sale; or
- xi. sales or installation of automotive and audio parts and products.

3.18.2. A rural home occupation, as herein defined, shall be permitted as an accessory use in any dwelling which is permitted as a principal use in any zone as shown on Schedule A, except in the Limited Services Residential (LSR) Zones and the Mobile Home Development (MHP) Zone in accordance with the following provisions.

1. The provisions of Section 3.15.1 shall apply, except as provided below.
2. Rural home occupations shall also be permitted within an accessory building or structure and shall occupy an area of not more than 100 m² (1,076 ft²) of the building or structure.
3. Rural home occupations may include accessory open uses and storage provided such open uses and storage are limited to 200 m² (2,153 ft²) and provided such open uses and storage are not located within any of the required yards of the zone in which such rural home occupation is located.

SECTION 3: GENERAL PROVISIONS

4. In addition to the permitted uses in Section 3.15.1, a rural home occupation also includes a business which is accessory to an agricultural use and may include the servicing and repair of farm equipment, the grading of produce or similar activities.

3.19 Illumination

1. Lighting fixtures, designed to illuminate wharves and other waterfront facilities, which are not public uses, shall be installed with the light directed downward or away from the water.
2. Lawn lamps may be located at the edge of any driveway or laneway and shall be located so as not to interfere with nighttime traffic movement.
3. All lighting fixtures, in all zones, other than those specified above, which are designed for exterior illumination and which are not public uses, shall be installed with the light directed and deflected away from adjacent lots and streets and be full cut off in design. Such lighting fixtures shall not be more than 9 m (29.5 ft) above finished grade and no closer than 4.5 m (14.8 ft) to any street line.

3.20 Kennel

1. A Commercial Kennel, as herein defined, shall be set back a minimum of 150 m from the boundary of neighbouring properties, and shall be considered a commercial use subject to Site Plan Control.
2. A Hobby Kennel, as herein defined, shall be set back a minimum of 50 m from all adjacent lot lines.

3.21 Landscaped Open Space

3.21.1 Requirements

1. Where any lot in a commercial or industrial zone abuts a lot in another zone or where any lot is used for institutional purposes, a continuous strip of landscaped open space having a minimum width of 3 m (9.8 ft) shall be provided along the abutting lot line.
2. In any yard in a non-residential zone, where the required parking abuts a lot in a residential zone, then a continuous strip of landscaped open space a minimum width of 3 m (9.8 ft) shall be provided along the abutting lot line.
3. In any zone where the required parking abuts a street, then a strip of landscaped open space a minimum width of 1.5 m (4.9 ft) shall be provided along the lot line abutting the street and the landscaped strip shall be continuous except for aisles and driveways required for access to the parking area.
4. Any portion of any front yard which is not used for any other purpose permitted in this By-law shall be devoted to landscaped open space.

3.21.2 Driveways or Walks

SECTION 3: GENERAL PROVISIONS

In all cases where driveways or walks extend through the landscaped open space, it is permitted to interrupt the strip within 3 m (9.8 ft) of the edge of such driveway or within 1.5 m (4.9 ft) of the edge of such walk.

3.21.3 Accessory Uses

No accessory use shall be permitted to locate within the required landscaped open space.

3.22 Loading Space Regulations

The owner or occupant of any lot, building or structure erected or used for any purpose involving the receiving, shipping, loading or unloading of animals, goods, wares and merchandise and raw materials shall provide and maintain at the premises, on the lot occupied by the building or structure and not forming part of a street or lane, within the zone in which such use is located, loading or unloading facilities comprising one or more loading or unloading spaces 9 m (29.5 ft) long, 3 m (9.8 ft) wide, and having a vertical clearance of at least 4 m and in accordance with the following:

3.22.1 Number of Spaces Required

TOTAL FLOOR AREA OF BUILDING OR STRUCTURE	NUMBER OF LOADING SPACES REQUIRED
280 m ² (3,014 ft ²) or less	0
Exceeding 280 m ² (3,014 ft ²) but not 2,300 m ² (24,758 ft ²)	1
Exceeding 2,300 m ² (24,758 ft ²)	1 plus 1 additional space for each additional 2,300 m ² (24,758 ft ²) or part thereof
provided, however, that in addition to the above number of loading spaces, adequate space shall be provided for the parking of vehicles awaiting access to loading spaces.	

3.22.2 Access

Access to loading or unloading spaces shall be by means of an aisle at least 3.7 m (12.1 ft) wide contained within the lot on which the spaces are located, and leading to a street or lane located within or adjoining the zone in which the use is located.

3.22.3 Location

The loading space or spaces required shall be located in the interior side or rear yard, and may also be located in front or exterior side yards provided they are not located in the required front or exterior side yard.

3.22.4 Surface

The loading spaces and aisles shall be surfaced with a stable material such as concrete, asphalt, crushed stone or gravel.

SECTION 3: GENERAL PROVISIONS

3.2.5 Cumulative Standards

Where there are two or more uses located on the same lot, the loading space requirements shall be the sum of the requirements of each use.

3.22.6. Additions to Building

The loading space requirements referred to herein shall not apply to any building in existence at the date of passing of this By-law so long as the floor area, as it existed at such date, is not increased. If an addition is made to the building or structure which increases the floor area, then additional loading spaces shall be provided for such addition as required above.

3.23 Minimum Distance Separation

3.23.1 Notwithstanding any other provision of this By-law to the contrary, no building or structure shall be erected or altered unless it complies with the Minimum Distance Separation (MDS I), as calculated in accordance with the MDS I formulae, except that this provision shall not apply to the following:

1. any building or structure which is permitted as a Public Use under Section 3.26 of this By-law;
2. any building or structure which is located on the same lot as the agricultural use for which the MDS I formulae would otherwise be calculated;
3. any lot existing at the date of the passing of this By-law on which no building or structure would be permitted if the MDS I formulae were to be applied to the said lot, except that the MDS I formulae shall apply if the said lot is large enough to accommodate the building or structure in compliance with the MDS I formulae; or
4. any land which is located in the Merrickville urban area, in a Hamlet, or which is located east of the Merrickville urban area between the Rideau Canal and nearest parallel road, being either County Road 43 or 23, whichever is closer to the Canal, all as identified on Schedules A and B of this By-law.

3.23.2 Notwithstanding any other yard or setback provisions of this By-law to the contrary, no livestock facility shall be erected or expanded unless it complies with the Minimum Distance Separation (MDS II), as calculated in accordance with the MDS II formulae in Appendix A of this By-law.

3.24 Mobile Homes and Recreational Vehicles as Temporary Dwellings

3.24.1 Except as otherwise permitted in this By-law, a mobile home or recreational vehicle shall not be used for residential or non-residential purposes within the municipality except as a temporary office, temporary residence, tool storage shed or similar use on a construction site provided that the use is terminated when the work is completed or abandoned.

3.24.2 Notwithstanding the generality of the foregoing, a mobile home or recreational vehicle shall only be used as a temporary residence for such period as there is a valid building permit for the construction of a permanent single-detached or seasonal dwelling, and provided that written

SECTION 3: GENERAL PROVISIONS

approval in the form of an agreement is obtained from the municipality. The written agreement to permit a mobile home or recreational vehicle to be used as a temporary residence shall be for a period of not exceeding one year, but may be extended for another year provided that the municipality is satisfied that reasonable progress is being made to complete the permanent dwelling.

3.25 Objects Stored in Yards

3.25.1. Except as hereinafter provided no person shall obstruct any required front yard or rear yard by the location of a building or structure, or by the storage of lumber, salvage or similar material.

3.25.2. In any zone in which a dwelling is permitted as a principal use, the following provisions apply:

1. The parking or storage of one commercial vehicle, not in excess of 4,500 kg. (9,921 lb) vehicle weight, shall be permitted except in the LSR Zone.
2. Where a recreational vehicle is parked in any yard of a lot, such vehicle shall not be used for living or sleeping accommodation for longer than 30 consecutive days by any person in transit between one place and another; but in no event shall such living or sleeping accommodation be leased or rented.
3. No person shall use any lot for the outside storage of:
 - i) a motor vehicle which has had part or all of its superstructure removed; or,
 - ii) a motor vehicle which is unlicensed.
4. No person shall use any lot for the purpose of outside parking or storage of a recreational vehicle, except as provided below:
 - i) one boat;
 - ii) one motor home;
 - iii) two all terrain vehicles or snowmobiles;
 - iv) one travel trailer.

This provision shall not apply to prevent the parking or storing of one or more boats on a lot which abuts a shoreline.

5. The parking or storage of a recreational vehicle may be permitted for a period of not more than 72 hours in any one calendar month in a front yard or exterior side yard.
6. Notwithstanding the foregoing, where a lot is used for a dwelling house containing more than 2 dwelling units, the limitations imposed herein shall not restrict the number of recreational vehicles that are stored on the lot provided the area, building or structure used for such storage complies with the yard provisions of the zone in which such area, building or structure is located and has been approved by the Corporation under a site plan agreement. Such area, building or structure shall be in addition to the required parking.

3.26 Occupancy Restrictions

SECTION 3: GENERAL PROVISIONS

Human habitation shall not be permitted in any of the following buildings, structures or parts thereof;

1. any private garage or other building which is accessory to a residential use;
2. any truck, bus, coach or street car body whether or not the same is mounted on wheels;
3. any cellar, as defined in this By-law;
4. any building or structure before the main wall and roof have been erected, application of the exterior siding and roofing has been completed and the kitchen, heating and sanitary conveniences have been installed, unless approval of the Chief Building Official has been obtained in advance.
5. any trailer other than as temporary or seasonal accommodation, pursuant to Section 3.23.2.2 herein.

3.27 Parking Area Regulations

3.27.1 The owner of every building or structure erected or used for any of the purposes hereinafter set forth shall provide and maintain for the sole use of the owner, occupant or other persons entering upon or making use of the said premises from time to time, parking spaces and areas in accordance with the following table. Where the minimum requirement by zone differs from the minimum requirement by type of use, the higher standard shall apply.

3.27.2 Calculation of Parking Spaces

For the purposes of calculating required parking, should a fraction result from a calculation, then the required parking shall be the next highest whole number. For example, if the calculated minimum parking requirement is 3.25 spaces, then the required minimum parking is 4.0 spaces.

3.27.3 Parking Space Size

1. In the case of a private garage or carport consists of an area of not less than 14.3 m² (153.9 ft²) with a minimum width of 2.6 m (8.5 ft);

SECTION 3: GENERAL PROVISIONS

2. In the case of regular or angled parking spaces consists of a minimum width of 2.75 m (9 ft) and a minimum length of 5.75 m (18.9 ft), with the parking space measured at right angles to the angle of parking; and,
3. In the case of parallel parking spaces, consists of a minimum width of 2.75 m (9 ft) and a minimum length of 6.7 m (22 ft).

3.27.4 Core Area Parking Area Requirements

On those lands in the Core Area as shaded on Schedule A, the minimum Parking Area Requirements for Non-Residential Uses, as set out above, shall be reduced by 50 percent.

3.27.5 Parking Lot and Driveway Surface

Each parking lot and driveway connecting a parking lot with a street shall be surfaced with asphalt, concrete, interlocking pavers or similar hard surfaces or any stable surface treated so as to prevent the raising of dust or loose particles.

3.27.6 Multiple Use Developments

When a building or structure accommodates more than one type of use as set out in sub-section 3.25.1 above, the parking area requirements shall be the sum of the requirements for the separate parts of the building or structure occupied by the separate types of use.

3.27.7 Additions to Buildings or Change of Use

When a building or structure has insufficient parking at the time of the passing of this By-law to comply with the requirements herein, this By-law shall not be interpreted to require that the deficiency be made up prior to the construction of any addition or change of use to a permitted use in the zone in which the building is located. No addition may be built and no change of use may occur, however, the effect of which would be an increase in that deficiency.

3.27.8 Parking Area Location and Setbacks

USE	YARD IN WHICH REQUIRED PARKING PERMITTED
Single detached Semi detached Duplex Triplex Fourplex Street Townhouse	Required parking spaces are permitted in all yards, except the required front and exterior side yards, wherein a driveway may be located provided the minimum length of the driveway from a private garage or carport to the edge of pavement or to an existing or planned sidewalk, as the case may be, is 6 m (19.7 ft)
All other residential uses	Required parking spaces are permitted in all yards, except the required front yard, wherein a driveway may be located provided no parking spaces and no driveways shall be located within 6 m (19.7 ft) and 3.5 m (11.5 ft), respectively, of a habitable room window, unless the parking spaces and/or driveways are reserved for the exclusive use of the occupants of the dwelling unit containing the habitable room window.
2. Non-Residential	All yards, subject to the provisions of Section 3.18.

SECTION 3: GENERAL PROVISIONS

3.27.9 Attached Garage and Carport Extensions

Fourplex			
Street Townhouse			

3.27.11 Parking Space Location on Other Lot

Where the owner of a building or structure proposes to provide the required parking spaces and areas in a location other than on the same lot as the use that requires such spaces and areas, then such spaces and areas shall be located not more than 150 m (492 ft) from the said lot. Where required parking is not provided on the same lot, the lot or part of the lot where the parking is located shall be required to be dedicated parking under a long-term lease in favour of the property which requires the parking spaces and areas.

3.27.12 Temporary Car Shelters

In any “Residential” zone , temporary car shelters may be erected and used for the storage of personal vehicles between October 15 and April 15 of the following year, provided that they are not located in the required front or exterior side yards, and provided that they are dismantled and stored during the period of time in which they are not permitted. Nothing in this provision shall be interpreted so as to prohibit any other permanent or temporary shelter or structure that is otherwise permitted in the Zone in which it is located or that is permitted under the accessory use provisions of Section 3.2 of this By-law.

3.28 Public Uses and Services

3.28.1 The provisions of this By-law shall not apply to the use of any lot or the location or use of any building or structure for the purpose of a public use by the Corporation or by any local board of the Corporation as defined by The Municipal Act, R.S.O. 1990 as amended, any telephone, telegraph or telecommunications corporation, any natural gas distribution system operated by the

SECTION 3: GENERAL PROVISIONS

Corporation or on its behalf by a company distributing gas to the residents of the Corporation and possessing all the necessary powers, rights, licenses and franchise, any Conservation Authority established by the Government of Ontario, any department of the Government of Ontario or Canada, including Ontario Hydro, any use permitted under The Railway Act or any other statutes of Ontario or Canada governing railway operations, including tracks, spurs and other railway facilities, provided that where such lot, building, structure, use or transmission facility is located in any zone:

1. no goods, materials or equipment shall be stored in the open, except as permitted in such zone;
 2. any above-ground use carried on under the authority of this paragraph in any Residential zone shall be maintained in general harmony with Residential buildings in such zone.
 3. the lot coverage, setback and yard requirements prescribed for the zone in which such land, building or structure is located shall be complied with.
- 3.28.2. Nothing in this By-law shall prevent the use of land as a street or prevent the installation of a public utility such as a watermain, sanitary sewer, storm sewer, gas main, pipeline or overhead or underground hydro electric or telephone line, traffic or other sign, or other supply and/or communication line, including their distribution, transformer, pumping and/or regulation stations.

3.29 Setbacks

3.29.1. Streets

1. All buildings and structures located along County Roads shall comply with the specific setback requirements established by the County. Development permits for such lands shall be obtained from the County Roads Department.

3.29.2. Water Setbacks

1. All buildings and structures, except a marina or a marine facility, shall be set back a minimum horizontal distance of 30 m (98.4 ft) from the normal high water mark of a waterbody. Except for a marina, within the 30 m (98.4 ft) setback, a maximum of 25% or 15 m (49.2 ft) of the shoreline area, whichever is the lesser, may be used for marine facilities, pump houses, stairs, decks, patios, gazebos and all other accessory structures. For the purposes of this Section, the shoreline area shall include that portion of the lot lying within 3 m (9.8 ft) of the shoreline.
2. The septic system and tile field shall be set back a minimum horizontal distance of 30 m (98.4 ft) from the normal high water mark of a waterbody. Where there is insufficient lot area, consideration of a reduced water setback may be considered by the Committee of Adjustment but in no case shall the setback be less than 15 m, (i.e. the minimum setback required under the Ontario Building Code).

3.29.4 Environmental Protection (EP) Zone

The Environmental Protection (EP) zone applies to lands which have been identified as provincially significant wetlands (PSW), locally significant wetlands, or areas of natural and scientific interest (ANSI).

SECTION 3: GENERAL PROVISIONS

1. All buildings and structures shall be setback a minimum 30 m from an Environmental Protection (EP) Zone. An application to reduce the setback for uses other than those permitted in Section 18.1 shall require an Environmental Impact Assessment, prepared by a qualified professional, for consideration by the Village and the RVCA.
2. No building or structure or site alteration, including such activities as fill, grading and excavation, shall be permitted within any Environmental Protection (EP) Zone.

3.29.5 Aggregate-Pit (AP) Zone

All buildings and structures shall be setback a minimum 150 m for licensed pits above the water table or 300 m for licensed pits below the water table in the Aggregate-Pit (AP) Zone.

3.29.6 Aggregate-Quarry (AQ) and Aggregate Reserve (AR) Zones

All buildings and structures shall be setback a minimum 500 m (1,640 ft) from an existing quarry in the Aggregate-Quarry (AQ) or Aggregate Reserve (AR) Zones.

3.29.7 Mineral Reserve (MR) Zone

All buildings and structures shall be setback a minimum 1,000 m (3,280 ft) from an existing mine in the Mineral Reserve (MR) Zone.

3.29.8 Railway Right of Way

Where any road or street crosses a railway at the same grade, no building or structure shall hereafter be erected closer to the point of intersection of the centreline of both the railway and the street than 30 m (98.4 ft) where automatic signal protection is provided and 45 m (148 ft) where no automatic signals are provided.

No building or structure shall be located closer than 30 m of a railway right-of-way.

3.30 Sight Triangles and Sight Distance

3.30.1. Sight Triangles

1. Unless otherwise specified in this By-Law, on a corner lot, within the triangular space formed by the street lines and a line drawn from a point in one street line to a point in the other street line, each point being measured 10 metres (33 feet) along the street lines from the point of intersection of the street lines, no building or structure which would obstruct the vision of drivers of motor vehicles shall be erected and no trees, shrubs, hedges, fences, signs or walls shall be planted, erected or maintained of greater height than 0.8 m (2.6 feet) above the centre line of the adjacent road at the lowest point. Where the two street lines do not intersect at a point, the point of intersection of the street lines shall be deemed to be the intersection of the tangents to the street lines.
2. A chain link fence may be permitted in a sight triangle in this By-Law provided that:
 - i. it is not more than 1.0 metres (3.2 ft.) high in any Residential Zone;

SECTION 3: GENERAL PROVISIONS

- ii. its posts are not more than 9 centimetres (3.5 inches) in diameter and are not set less than 3.05 metres (10 ft.) apart; and
 - iii. it is made of wire having a maximum gauge of 2.2 millimetres (0.086 inches) and a minimum mesh of 51 millimetres (0.2 inches).
3. Where any road or street crosses a railway at the same grade, no building, structure or landscaping shall hereafter be erected closer to the point of intersection of the centreline of both the railway and the street than 30 metres (98.4 feet) where automatic signal protection is provided and 45 metres (147.6 feet) where no automatic signals are provided.

3.31 Signs

Nothing in this By-law shall apply to prevent the use of signs on any land, building or structure, but the erection, use and maintenance of such signs shall be subject to the provisions of the Sign By-law of the Corporation and the provisions of this By-law for Home Occupations and Sight Triangles.

3.32 Site Plan Requirements

No development shall take place on any parcel of land designated as Site Plan Control Area in the Site Plan Control By-law unless the Council of the Corporation has approved such plans and drawings required under the provisions of the Site Plan Control By-law.

3.33 Temporary Use Zones

- 3.33.1. Where the zone symbol zoning certain lands as shown on Schedules A and B is followed by the suffix "t" (for example, R2t), a use or uses in addition to the uses permitted in the zone in which the lands are located shall be permitted for a specified period of time following which the use or uses shall cease. Temporary uses shall only be permitted by an Amendment to this By-law which amends Schedule A or B by adding the letter "t" to the zone symbol on the lands where the temporary use is located and by amending this section:

1. to describe the lands on which the temporary use or uses is/are permitted including the municipal address where appropriate
2. to list the permitted temporary use or uses
3. to specify the time period for which the temporary use or uses is/are permitted including the date on which the use or uses is/are to cease, on which date the Amendment shall be deemed to be repealed and the temporary use(s) shall be deemed to be repealed and the temporary use(s) no longer permitted
4. to describe any conditions which apply to the temporary use or uses.

3.33.2. Temporary Use Provisions

SECTION 4: ZONES

4 ZONES

SECTION 4: ZONES

HOLDING ZONE	h
TEMPORARY USE ZONE	t

4.2 Zone Regulations

The permitted uses, the minimum size and dimensions of lots, the minimum size of yards, the maximum lot coverage, the minimum setback, gross leasable floor area, the minimum landscaped open space, and all other zone provisions are set out herein for the respective zones.

4.3 Metric Measurements

Where a zone regulation is expressed as a metric measurement, it shall apply. Any imperial measurement in brackets following a metric measurement is intended only as a convenience to illustrate the approximate imperial equivalent.

4.4 Zone Boundaries

The extent and boundaries of all the said zones are shown on the Schedules which form a part of this By-law and are attached hereto.

4.5 Zone Symbols

The symbols listed in Section 4.1 may be used to refer to buildings and structures, the uses of lots, buildings and structures permitted by this By-law in the said zones, and whenever in this By-law the word Zone is used, preceded by any of the said symbols, such zones shall mean any area within the Corporation within the scope of this By-law, delineated on the Schedules and designated thereon by the said symbol.

4.6 Exception Zones

Where the zone symbol as shown on the Schedules is followed by a dash and a number (for example R2-1), then special provisions apply to such lands and such special provisions may be found by reference to that part of the by-law which deals with that particular zone. Lands zoned in this manner shall also be subject to all the provisions of the zone, except such special provisions as specified.

4.7 Holding Zones

Where the zone symbol zoning certain lands is followed by the suffix "h" (for example LSRh), then special holding provisions apply to such lands and such special provisions may be found by reference to Section 3.14.

4.8 Temporary Use Zones

Where the zone symbol zoning certain lands as shown on Schedules A and B is followed by the suffix "t" (for example, R2t), then special provisions apply to permit a use or uses in addition to the uses permitted in the zone in which the lands are located for a specified period of time,

SECTION 4: ZONES

following which the use or uses shall cease, and such special provisions may be found by reference to Section 3.31.

4.9 Flood Plain Zones

Lands zoned Flood Plain, as shown on the Schedules by shading, shall be subject to all of the provisions of the zone in which the lands are located. However, no building or structure shall be erected or altered within a Flood Plain Zone, except in accordance with the policies of the Conservation Authority.

4.10 Interpretation of Zone Boundaries

1. Zone boundaries, where possible, are construed to be lot lines, street lines, centrelines of streets or railway rights-of-way. In the case where uncertainty exists as to the boundary of any zone, then the location of such boundary shall be determined in accordance with the scale of Schedules A and B at its original size.
2. Where a zone boundary is indicated as following and is within the boundary of a street, lane, railway right-of-way, other right-of-way or watercourse, the boundary shall be the centre of such street, lane, railway right-of-way, right-of-way, or watercourse.
3. Where a zone boundary is indicated as approximately following lot lines on a registered plan of subdivision, deposited reference plan or original Village survey, the boundary shall follow such lot lines. No amendment to the By-law shall be required for minor adjustments to zone boundaries shown in Schedules A and B where, in the opinion of the Village, such adjustments are merely for the purpose of more accurately reflecting surveyed information.
4. Where a zone boundary is indicated as following a shoreline of a watercourse, the boundary shall follow such shoreline and in the event that the shoreline changes, the boundary shall be taken as having moved with the shoreline.
5. Where any uncertainty exists as to the Flood Plain (FP) overlay Zone, the boundary shall be the 1:100 year flood line as identified on the relevant maps of the Conservation Authority.
6. Where any uncertainty exists as to the Environmental Protection (EP) zone boundary, the boundaries shall be as identified on the relevant maps of the Ontario Ministry of Natural Resources and/or the RVCA.
7. Where any street, lane, right-of-way, railway right-of-way or watercourse as shown on the schedules is closed or diverted, the object of such closure or diversion shall be included within the zone of the abutting property on either side thereof.
8. Where any zone boundary is left uncertain after the application of clauses (1) through above, the boundary shall be determined by scale from the original full-size zoning schedule.
9. Wherever it occurs, the municipal boundary is the limit of the zone adjacent to it.

SECTION 4: ZONES

10. In the case of an Environmental Protection (EP) zone boundary, field truthing of the boundary of such environmental features through and EIS, acceptable to the RVCA, or written confirmation by the RVCA based on their own information, shall not require an amendment to this By-law to adjust the Schedule A or B boundaries of the natural feature.

4.11 Building, Structure and Use Classification

1. The buildings, structures and use of buildings, structures and lots specifically named as uses permitted and classified under the headings of "Residential" and "Non-Residential" refer only to the uses as are specifically named under such headings in each zone.
2. For the purpose of reference, all buildings, structures and uses of buildings, structures and lots named as Permitted Uses and classified under the headings of "Residential" and "Non-Residential" may be referred to as "Residential and "Non-Residential" buildings, structures, or uses respectively.

SECTION 5: RESIDENTIAL ZONES

19 ADMINISTRATION, ENFORCEMENT AND PENALTIES

19.1 Administration

This By-law shall be administered by the Chief Building Official or by an officer designated by the Corporation.

19.2 Interpretation

1. For the purposes of this By-law, the definitions and interpretation given herein shall govern.
2. For the purposes of this By-law, words used in the present tense include the future; words in singular number include the plural, and words in the plural include the singular number; the word "shall" is mandatory; the words "used" and "occupied" shall include the words "intended or arranged" and "designed to be used or occupied".

19.3 Building and Other Permits

Notwithstanding the provisions of the Corporation's Building By-law or any other By-law of the Corporation, no building permit or occupancy permit shall be issued where the proposed building, structure or use would be in violation of any of the provisions of this By-law.

19.4 Certificate of Occupancy

No change may be made in the type of use of any lot covered by this By-law or of any building or structure on any such lot or of any part of such lot, building or structure, until a Certificate of Occupancy has been issued by the Chief Building Official to the effect that the proposed use complies with this By-law.

19.5 Application for Permits

In addition to all the requirements of the Corporation's Building By-law or any other By-law of the Corporation, every application for a building permit shall be accompanied by a plan in duplicate (one copy of which shall be retained by the Chief Building Official) drawn to scale and showing the following:

1. The true dimensions of the lot to be built upon or otherwise used.
2. The proposed location, height and dimensions of any building, structure or use proposed for such lot.
3. Proposed locations and dimensions of any yards, setback, landscaped open space, off-street parking space, etc., required by this By-law.
4. The location of all existing buildings or structures on the lot.
5. A statement signed by the owner, disclosing the exact use proposed for each aforesaid building or structure and giving all information necessary to determine if such proposed or existing building, structure or use conforms to the requirements of this By-law.

19.6 Inspection

The Chief Building Official of the Corporation acting under the direction of the Council, is hereby authorized to enter, at all reasonable hours, upon any property or premises for the purpose of carrying out his duties under this By-law.

19.7 Violations and Penalties

Every person who uses any lot, or erects or uses any building or structure or any part of any lot, building or structure in a manner contrary to any requirement of this By-law, or who causes or permits such use or erection, or who violates any provisions of this By-law or causes or permits a violation, shall be guilty of an offence and subject to the provisions of Section 67 of the Planning Act, RSO 1990 and the Municipal Act SO 2001, c.25, as amended from time to time. Further, any person who contravenes any of the provisions of this By-law is guilty of an offence and the procedure with respect thereto, and the penalty upon conviction therefore shall be as provided for in the Provincial Offences Act, RSO 1990 Chapter. P. 33 and amendments thereto.

19.8 Remedies

In case any building or structure is to be erected, altered, reconstructed, extended or part thereof is to be used, or any lot is to be used, in contravention of any requirement of this By-law, such contravention may be restrained by action at the instance of any ratepayer or of the Corporation pursuant to the Municipal Act 2001, SO2001, c.25, as amended from time to time.

19.9 Validity

If any section, clause or provision of this By-law, including anything contained in the Schedules, attached hereto, is for any reason declared by a court of competent jurisdiction to be invalid, the same shall not affect the validity of the By-law as a whole or any part thereof other than the section, clause or provision so invalid and it is hereby declared to be the intention that all the remaining sections, clauses or provisions of this By-law shall remain in full force and effect until repealed, notwithstanding that one or more provisions thereof shall have been declared to be invalid.

19.10 Repeal of Existing By-laws

All existing Zoning By-laws, including By-law No. 23-08 as amended, passed pursuant to the Planning Act, are hereby repealed and such repeal shall come into effect upon the date this By-law comes into force and effect.

19.11 Approval

This By-law shall become effective on the date of passing hereof.
